TELEVISION ELECTRONIC INSTITUTE

Wishes to advise that there is a good future for you in television, if you want it. If you're interested we would like to send you a little book entitled, "Your Future in Television". It won't cost you a cent, nor will it obligate you in any way. It will just tell you all about this great television field and how you can learn television work without giving up your present job, or leaving home... and at the same time BUILD AND KEEP YOUR OWN TELEVISION SET AND YOUR OWN AC-DC RADIO!

This is the way we find the men who are interested in the training we offer. If you would like a copy of this booklet, just write or telephone; we'll bet that after you've read it, you'll be interested in television, too.

## I.D. DEVELOPMENT OFFICER APPOINTED.

According to a recent announcement by Mr. Isbister, local Town Administrater employed by the Department of Municipal Affairs, Mr H.T. Deby has been appointed Development Officer for Improvement Districts 77 and 78.

Mr Deby's duties will include the issuing of Building and Developmeat permits for the entire 26 townships lying in the two developmeat areas. However it was stressed that the new officers' duties would not include the townsites of Drayton Valley or Cynthia. Local Town administraters and planning officers will handle all permits and developmeat within these twe places.

Mr Deby will be an employee of the Department of Municipal Affairs, working directly under the Planning Commissien which meets periodically with representative men of the various groups interested in this area.; such as the oil industry, the oil supply industry, the Stony Plain School Division, and so on. Last meeting of the Planning Commission was July 5th, and a full attendance of all members was present for the meeting.

It is said that the reasen Mr. Deby was employed in preference to a large number of other men from other districts who applied for the job, is that he is a local man with a good knowledge of the area included in the two Improvement Districts. Mr Deby will have an office in Drayton Valley, but it is expected he will be on the road quite extensively in the carrying out of his dutiess.

Mr Deby was also recently appointed magistrate for this area, an appointment that came through before the appointment as Developmeat Officer was confirmed. It is understood that Magistrate Kankewitz will come into DPayton Valley to hold court about twice a month, which will relieve Mr Deby of much of that duty; Mr. Deby will then be available for short court sessions in the meantime.

Born and raised in the Beaver Lake district about 60 miles east of Edmonton, Mr. Deby has been in the Pembina and Drayton Valley areas since the early 1930's, farming near the Pembina River for a number of years, he also was postmaster for the Pembina Posteffice when it was operating.

## DRAYTON VALLEY TO HAVE POLICEMAN.

It is expected that it will soon be known which one of two men now being considered for employment as police officers for the Town of Drayton Valley.

(cont. next col.)

## TOWN POLICEMAN (CONT.)

Two men, both with extensive police experience, are being considered for the position. It is expected that the officer who is chosen will assume his duties about the first of August.

The local R.C.M.P. has assured the Town that they will give their full cooperation to the town officer.

The Traffic Division of the R.C.M.P. have been in the area in the last few days, checking on traffic violations, it is expected that the R.C.M.P. traffic officers will come into this district quite regularly in the future for traffic control.

## TWO DROWNINGS OCCUR.

On Sunday afternoon July 15th., a tragic drowning occured in the Pembina River, about a mile up the river from the bridge, when Dennis Hazzard, who would have been ten years old in September of this year, apparently trying to follow an old tire that was floating downstream, went over his depth.

R.C.M.P. officers from Drayton Valley were called to the scene immediately, but efforts to find the body were of no avail until the next afternoon, at about 3.30. at which time the body had been in the water for about 24 hours, having drifted downstream about 40 feet from the spot where the lad had last been seen by a companion who was in the water with him at the time. Officers from the Entwistle R.C.M.P. helped in the search.

R.C.M.P. officers said that cooperation from people around the scene was very good. Particularly good work was done by Emmett Ford, tool-push on A.A. Drilling Co. Rig #2, and Ed. McKarvell, a supervisor for Campion Pipeline who dived in attempts to find the body. Both men had had previous diving experience, and it was they who finally found the body while they were dragging the river from a boat. Pembina Pipeline employees were also of great help in the recovery attempts, it is said, and the help of all was much appreciated.

Dennis was the son of Mr & Mrs Wes. Hazzard, who live in Ledgepole. Mr Hazzard is employed with Anderson Trucking Co. The Hazzards' have other children.

The second drowning occured Tuesday afternoon, in Wolf Creek, near Alder Flats when Tommy Videsteffen aged 18 years, lost his life in the water. One of a large family, the young man was employed on one of the rigs working in the area and was due on shift in half an hour from the time the drowning occured.

It is said that his parents and family were present at the time the tragic incident occurred. Their home was at Edberg.

WELL BABY AND IMMUNIZATION CLINIC WILL BE HELD AT COMMUNITY HALL, DRAYTON VALLEY, EVERY WEDNESDAY, NEXT CLINIC, JULY 25th. 12.30 to 3 p.m.

LUTHERAN CHURCH SOCIAL.

Immediately after the July 22nd service, which will start at 8 p.m. the Lutheran Church group, meeting in Scout Hall in Drayton Valley, plan on holding a social which will be a farewell to Mr. Greve, who has been conducting services here for the past year.

In Mr Greve's place a minister who will be stationed in Tomahawk will be holding services in Drayton Valley, with the next service to be held sometime about the middle of August, for which a notice will be published.

Ladies are asked to bring lunches.

FOR COMPLETE ADVERTISING COVERAGE: IT'S THE PEMBINA NEWS ADVERTISER, "THE MARKETPLACE OF THE PEMBINA FIELD".

## DRAYTON VALLEY HIGHLIGHTS.

BY: EDITH DEBY.

Drayton Valley acquired two new citizens lately when a daughter was born to Mr and Mrs Art. Munroe, and a son to Mr. and Mrs Ted Tucker.

.....

Mr and Mrs Galvin Bartlett and family have just returned from a holiday spent in California.

.....

Mr and Mrs Emile Hanasyk visited in Pembina on Saturday. Mrs Hanasyk will be remembered by local people as the former Miss Georgina Kermode.

.....

A Community Party was held at the home of Mrs Ida Wallace on the evening of July 12th to honour Mr and Mrs Leif Sherdalsvell, whose marriage took place July 2nd. A social evening was enjoyed. A lovely coffee table was presented to the newly weds with the good wishes of their friends.

.....

Mr and Mrs Alex Boykewick, of Cherhill visited with the Clarence Dunnigtons over the weekend

.....

Mr and Mrs Joe Sretyr and daughter, Betty Lou, from Cicero, Illinois, are at present visiting Mrs Sretyr's parents, Mr and Mrs Henry Dunnington. The Sretyrs are accompanied by Mr and Mrs D. Giamarini and son, David, of Lisle, Illinois. It is thirteen years since Mrs Sretyr has been in Pembina. Needless to say, she found many changes. On their way in the party was lost in the Buck Creek area overnight.

.....

On Sunday, other members of the Dunnington family came to visit. They were: Jack, from Delburne area, and Stanley from Wainwright. Each was accompanied by his wife and family. A third brother Clarence, lives at Pembina.

## HIGHLIGHTS (Cont.)

Mrs Stewart Hartley, of Vancouver, paid a three day visit to Drayton Valley and district this week. Before her marriage Mrs Hartley, nee Doris Chapman, taught at Tomahawk. She spent a most enjoyable day in that district visiting old friends.

.....

Mrs William Webb is the guest of her daughter and son-in-law, Mr and Mrs David Glen, Jr.

.....

Gail Small has returned home after an enjoyable holiday spent with her grandparents, Mr and Mrs Mustart, at Hinton.

.....

Miss Rosa Welters and Miss Betty Whyte sailed from New York on the Queen Elizabeth last week for a summer holiday in Europe. Miss Whyte will visit relatives in Scotland, while Miss Welters will visit her relatives in East Germany.

.....

## NEW RESTAURANT OPENS.

Drayton Valleys' newest eating establishment opened to the public Monday morning. With the interior done in a pleasing old rose and dark green, with chocolate colored back wall; with two tone lighting effects in the fluorescent lighting, and a stainless steel back bar and other equipment also in stainless steel, the restaurant presents an appealing appearance.

Part of the unique flavor of the place are the cute little individual servers of waffle syrup, honey, jam, etc. The girls too, are fetchingly dressed in blue nylon uniforms for two days, with alternate white nylon uniforms for the next two days. All cooking is done in sight of the customers, and is done on ultra-modern equipment. Gadgets which are known as "lowerators" bring a supply of cups or small plates constantly to hand.

Owner of the New place is Lawrence Marshall, Louis Robin, who had been around the world, to finally land in Drayton Valley, is chef, and Marie Libeiron is head-waitress.

.....

COMPLETE ADVERTISING MEDIUM FOR THE MIGHTY PEMBINA FIELD ..... THE CONTINENT'S LARGEST OILFIELD ..... COVERING DRAYTON VALLEY -- VIOLET GROVE -- ROCKY RAPIDS -- EASYFORD -- ROUND VALLEY -- MOON LAKE -- ALDER FLATS -- CYNTHIA -- LODGEPOLE AND DUCK CREEK -- SERVING AS MARKET-PLACE FOR AN AREA OF APPROXIMATELY 2000 FARMS -- PUBLISHED EVERY THURSDAY.

JANUARY 10th. 1957. A.PLAYFORD, Editor.

## LARGE CROWN LAND OIL SALE WILL SPUR DRILLING ACTIVITY.

A very large Alberta Crown reserve sale of leases and exploration permits will be held on Thursday, January 24th.

In the Pembina field there will be about 55 quarter section parcels offered, all of which are in the northwestern sector of the field in the Lodgepole area, on each side of the range line, between ranges 9 and 10, with some of the parcels west of Lodgepole, however, most of it is just across the Pembina River, north of Lodgepole. All of it is on 160 acres spacing.

One parcel being offered is the entire two townships in the Cynthia Reserve, immediately west of the four-township block for which the California Standard Company paid a cash bonus of more than ten millions of dollars two years ago. These two townships are 49 and 50, in range 14, 20 miles west of the townsite of Cynthia.

Within the present defined boundaries of the Pembina Field, the following parcels are up for sale:

E½ of 32-47-9W5 with 320 acres.
W½ of 33-47-9W5 with 320 acres.
S½ of 4-48-9W5 with 320 acres.
E½ of 5-48-9W5 with 322 acres.
E½ of 8-48-9W5 with 320 acres.
W½ of 17-48-9W5 with 320 acres.
W½ of 18-48-9W5 with 320 acres.
E½ of 18-48-9W5 with 320 acres.
W½ of 4-49-9W5 with 320 acres.
W½ of 5-49-9W5 with 320 acres.
E½ of 5-49-9W5 with 320 acres.
W½ of 6-49-9W5 with 320 acres.
E½ of 6-49-9W5 with 320 acres.
E½ of 8-49-9W5 with 320 acres.

E½ of 27-48-10W5 with 320 acres.
E½ of 34-48-10W5 with 319 acres.
W½ of 35-48-10W5 with 319 acres.
E½ of 1-49-10W5 with 320 acres.
SW¼ 1-49-10W5 with 159 acres.
SE¼ 2-49-10W5 with 160 acres.
SW¼ 3-49-10W5 with 160 acres.
S½ of 4-49-10W5 with 320 acres.
E½ of 12-49-10W5 with 318 acres.

At the present time less than 30 rigs are operating in the field. The number of wells now exceeds 1,600. During the last two weeks of December the production from the Pembina Field was more than 25% of the total bbls of oil produced in Alberta, with 230,276 bbls produced from the Pembina field during the two-week period at the end of the old year, against 881,463 for all of Alberta in the same period.

Soon to be brought into effect here is the water-flooding project by most of the oil companies. The water injection system will be used in most of the wells already drilled. The start of good weather will be the signal for a great rush of construction activity in digging-in and laying the water lines that will be used for the water flooding.

Water flooding has been done in most of Seaboard's wells, with a big construction project that took a large part of the summer for the less than 100 wells in which Seaboard found it feasible to put the system into use. The coming spring and summer will see a lot activity all over the field, as the companies raise their oil recovery factor with the use of water flooding.
